

The Money: Paying for the Hall

Overview of the 1st Nine Months

We have **all** (*Residents, Trustees, & Working Group*) been working very hard for nine months to revive Kaber Village Hall after the post-covid crash and this page gives you a view of what you have achieved.

Expenses

Utilities (Electric, Water, Gas)	£433
Insurance and License	£493
Crockery, Cutlery, bin, mop, etc.	£403
Insulation (roof and double glazing) & Loo Heaters	£986
Total Expense	£2,564

Income

Hall & Table Hire	£429
Coffee Mornings	£322
Events (Lunches, Carols, Bingo, Dominoes)	£824
Grant Income (Building & Covid)	£3,400
Donation from Kaber Parish	£200
ReCycling	£34
Total Income	£5,209

So, in summary we have more in the bank today than at the last AGM, while also investing in things like heating, and kitchen equipment – that certainly counts as success! - So **well done** to all who helped organise events, all who came to events and all who donated time, cash and cooking!

We still have a lot of plans: In the next few months we hope to restore the gas heater to save those coming to winter events having to keep their big coats on!

We are also going to try to hold more events, including a regular Thursday evening “club night” with a rota of things like a Repair Cafe, Book Club, Games Night, and any other ideas you might have.

And don’t forget the **Kaber Show** will restart this summer, with a Summer Barbecue, and other events.

So, thank you, and please keep supporting your Hall.
