

Thursday night is club night!

Over the Autumn, we are going to try running informal “themed” meetings. A rotating pattern of “**Club Nights**” on different subjects

So, Each Thursday evening, from 6:30 – 8:30pm, there will be a club night. These will repeat in sequence. You can see our initial ideas for “themes” below, but we would love **your ideas, support & feedback** for *other* club nights. Would you be able to organise/run/attend once every 6-8 weeks or so?

Current Club Night Theme Ideas:

1. **Games and puzzles night:** come along to join in with games and puzzles or bring a game you'd like to play with someone. If you'd rather watch, that's fine too - just come along and enjoy the company.
2. **Social Book night:** bring your book along for a chat - it could be about the book you are reading or the weather - it's up to you. But after a catch up, then we will read in companionable silence - well calmness with a cuppa anyway.
3. **Computer night:** want to learn how to send an email? Do an online shop? Get a spreadsheet to add up for you? Make your tablet/phone/computer behave better, Learn about online safety?

Club Night Thursdays

A new idea for those shorter days

Install anti-virus software? Come along for friendly support and advice and **bring your questions!**

4. **Paint, draw and sip:** want to try your hand at drawing or painting with company? Bring along whatever equipment you have, even if it's just some paper and a pencil, and have a try at some still life or continue working on your own masterpiece, whilst sipping on a cuppa with friends.
5. **Talks:** An evening talk from local organisations or people with interesting stories to tell.
6. Maybe a **making music** night (signers?, yuke players? Recorders?)
7. **A Cookery club? A Gardening Club?**

Arrangements

Entry will be £2.50 per night to cover the cost of heating and refreshments.

Get in touch with any of the Trustees or Working Group members, or email booking@kabervh.com - or bring your ideas to the **2024 AGM** that is planned for the 16th September.. and if you are prepared to be the organiser for a club night event, that would be really great.

Our first club night is planned for October and that's currently planned to be a **Computer Night** night!! So, bring computer your questions!!
